EDUCATION

- National Institute of Technology Silchar** Silchar, India
Bachelor of Technology - Electronics and Communication Engineering; CGPA: 8.66/10 August 2023 - Present
- Salt Brook Academy** Dibrugarh, India
HSC(12th Standard); Percentage: 90.4% October 2021 - April 2023

SKILLS

- Languages:** C/C++, JavaScript, TypeScript, Python, SQL, HTML5, CSS3
- Frameworks & Libraries:** Node.js, React.js, Express.js, Next.js, TailwindCSS, Mongoose, Prisma, NumPy, Pandas, Scikit-learn, PyTorch, Matplotlib, Seaborn, Firebase
- Databases:** MongoDB, MySQL, Firebase Firestore
- Tools & Platforms:** Git, GitHub, Postman, Cloudinary, Gradio, Grad-CAM, Streamlit, Netlify/Vercel
- Core Competencies:** DSA, OOPs, DBMS, REST APIs, Transfer Learning, Authentication

EXPERIENCE

- Anchorpoint Design Studio** Website Backend Repo Frontend Repo
Full Stack Developer (Freelance) June 2025 - November 2025
 - Delivered a production ready React.js frontend with 10+ reusable components, complex form validation, and media upload handling using Axios and React-Toastify for real-time API feedback
 - Engineered a secure, scalable Express.js REST API with JWT access/refresh token auth, role-based admin privileges, and 5+ middleware layers (CORS, Cookie Parser, Multer), strengthening authentication and authorization across protected routes
 - Accelerated content delivery via Cloudinary integration across 6+ CRUD services and automated client notifications through Nodemailer, cutting manual follow-up time entirely

PROJECTS

- Solar Panel Defect Detector** GitHub Repo
Python, PyTorch, ResNet50, Grad-CAM, Gradio, Scikit-learn May 2026
 - Achieved 78% test accuracy and 0.78 weighted F1 score by fine-tuning ResNet50 (transfer learning, unfrozen layer3/layer4) on the 2,624-image ELPV dataset across 3 defect severity classes
 - Improved model generalization over baseline by applying a custom classifier head (2048→256→3), dropout (0.4), class-weighted CrossEntropyLoss, and ReduceLROnPlateau scheduling
 - Delivered an explainable AI system by embedding Grad-CAM heatmaps into a Gradio web app, enabling real-time defect localization with confidence scores for non-technical operators
- Askaplace** Backend Repo Frontend Repo
Next.js, Typescript, Tailwind, Express.js, Prisma, MongoDB January 2025 - Present
 - Reduced API response time by 30% for a travel discovery platform (100+ attractions) by engineering an Express.js REST API with SSR/ISR delivery via Next.js
 - Improved data consistency and retrieval efficiency by 30% by designing a normalized expense model in Prisma, ensuring accurate cost breakdowns across all entries
 - Built 5+ reusable, responsive UI components (Hero, About, Destinations, Gallery) with Next.js & Tailwind CSS, cutting component redundancy across the codebase

HONOURS AND ACHIEVEMENTS

- Cleared NTSE (State Level), recognized among top students in Assam
- Advanced through 3 of 5 rounds of HPCL's HP Power Lab 2.0 hackathon by proposing a data-driven solution to increase Piped Natural Gas (PNG) adoption through analytical reporting and user engagement initiatives.
- Competitive Programming Profiles:**
Codeforces (Pupil, 1318;) **CodeChef** (2 Star Div 3, 1550) **LeetCode** (350+ questions solved)
- Solved 500+ coding problems across LeetCode, Codeforces, GeeksforGeeks, and CodeChef, with focus on DSA.
- Achieved branch change from Electrical Engineering to Electronics and Communication Engineering (ECE) at NIT Silchar through exceptional first-year academic performance.

POSITION OF RESPONSIBILITY

- Google Developer Group on Campus, NIT Silchar**
Core Member(Web Team) October 2024 - Present
 - Mentored 50+ junior developers through frontend/backend workflows, reviewed 15+ PRs across 3+ internal projects, and co-organized coding sessions for a 100+ member developer community
- Oikyotaan 2025, NIT Silchar**
Tech Team Member April 2025
 - Engineered 2+ responsive pages (Hero, Team) for Oikyotaan 2025's official website, delivering cross-device compatibility and sub-2s load performance for NIT Silchar's annual cultural fest
- NitsHacks 7.0, NIT Silchar**
Marketing Team Member November 2024
 - Grew hackathon registrations by 25% through targeted promotions and secured Unstop as an event sponsor
